TRI☺MET

OTP SUM: OTP Integration of Transit with Shared-Use Mobility Real-Time and Data Enhancements

Mobility on Demand Sandbox Program
## Quarterly Report Q1 2017

March 12, 2017

SUMMARY OF MOD ACTIVITIES

TriMet's OTP Integration of Transit with Shared-Use Mobility Real-Time and Data Enhancements is now underway. We held a kick off meeting and have identified and starting using communication channels and project management tools.

Project Kickoff Workshop January 18 - 19, 2017
On January 18th and 19th, TriMet hosted a workshop to kickoff the MOD Sandbox project that drew over forty participants. The workshop report can be found below:
